### Review:

- A few weeks ago, we began to give some attention to a portion of **Daniel Ch. 11** that is dense with insights about the antichrist.
- It's an important section of the Bible to study if we want to gain some understanding about this future leader to come. We will be looking at other passages to supplement what we're learning here.
- So far, we've studied **vss. 36-39**, and in these few verses, we've learned a good deal, including:
  - The antichrist is a leader that will have no worship system or religious affiliations that have characterized mankind up to that point. **Remember....**
  - The post-rapture world will be a very different place than the pre-rapture world; it will be one dramatically infused with the supernatural / paranormal.
  - As we've learned, I believe the Biblical evidence strongly suggests a physical return of fallen angels into the sphere of daily human life.
  - The purpose of this fallen angelic return will be to deceive humanity, and to support "the lie" and the "powerful delusion."
  - Mankind will be convinced through it all that God's Word is not true, God Himself does not exist, 'aliens' put us here, and the Rapture did not happen.
  - We already see these **very** conclusions taking shape within the conditioning and disclosure processes escalating today - - and they are also confirmed by what occultic leaders are saying.
  - We also learned that the antichrist will be supported in all his political ambitions by these fallen angels, and he will honor them greatly for their help.
- And then, in our last couple of lessons, we learned that the governing system of the antichrist will be a socialist one. But this will be to an extreme degree that history has never seen before.
- It will embrace all the deceptions and ideals we've seen and heard from various socialist leaders past and present, and we know it will be a system that causes great destruction.
- And so, we did some digging into the history of socialism, including the how's and why's of it. We learned it is a political and economic system that is anti-God at its core - - and we learned why Christians should NOT support socialism.
- It has never worked - it has always failed. It has always violated God's laws, and it has always persecuted God's followers. And it has always deceived the ignorant and foolish as it becomes a means of destruction, power consolidation, and perversion.

- Unfortunately, we see the flames of socialism being fanned in our own nation today - - even now with the current midterms looming.
- I believe with all my heart that there is a huge population of people being conditioned and deceived in preparation for the arrival of the antichrist and his governing system.

**NOTE:** So, in review, these few verses we have studied about the antichrist in **Dan. Ch. 11** have been full of information about the world that is not only coming, but the world we live in today.

**NOTE:** Now, we're still staying in this pithy part of **Daniel** for a bit more (**Cf. vs. 40; READ**):

A. As is our habit to gain a proper foundation, let's first grapple with the obvious points from this verse.

1. The primary subject is still the antichrist – so the first “him” and the last “he” in this verse are still about - - the antichrist.

- As we have noted before, some commentators and scholars claim these pronouns in **vs. 40** are STILL in reference to the historical Antiochus Epiphanes discussed earlier, but those arguments are very weak.
- There is nothing in the historical records about Antiochus Epiphanes which conform to the details of this text, just as the previous four verses do not conform to any records about Antiochus either.
- So, **vs. 40** is clearly about the antichrist, just as the few verses just before this one have also been.

2. So, since the “him” and the “he” is about the antichrist, then **vs. 40** is describing a future leader who will seek to oppose him - -

**QUESTION: Can we know who this is?** Or, can we know what territories define what is happening here?

- Let's do our best to hone in on what regions are being discussed here.
- Remember, the antichrist is most likely a future figure that emerges from the region of the ancient Seleucid Kingdom.
  - This is that general region which includes northern Syria, southern Turkey, and northwestern Iraq.
  - It's the region which Antiochus Epiphanes, the most detailed type of the future antichrist was from.
  - This is the region which was known as ancient Assyria – and it's why the antichrist is called “the Assyrian” in other Biblical texts (**Micah 5:5-6 for example**):

*“And this [one] shall be the peace, when the Assyrian shall come into our land: and when he shall tread in our palaces, then shall we raise against him seven shepherds, and eight principal men. And they shall waste the land of Assyria with the sword, and the land of Nimrod in the entrances thereof: thus shall he deliver us from the Assyrian, when he cometh into our land, and when he treadeth within our borders.”*

**NOTE:** Similar references to the antichrist having an Assyrian connection are also found in *Isaiah* and *Ezekiel*.

**NOTE** too, that in that Micah passage, the phrase “*the land of Nimrod*” is stated to further identify the region from which the antichrist will emerge from. We know Nimrod from **Genesis chapter 10**. He was the one who raised the Tower of Babel at the location which became Babylon, and he is **also** a type of the future antichrist.

Moreover, it is specifically stated in **Dan. Ch. 8:9** that the antichrist will grow in power from an origin that is northwest of **what will be the expanded territory of Israel in those last days (READ)**.

- Keep in mind, Israel will have gained substantial additional territory by that future point due to wars and conflicts which we may see very soon in our time (more on this in a bit).
- And again – this places the antichrist as emerging in power from an area that is within the borders of the Seleucid Kingdom - - an area that is within the ancient empire of Assyria.
- So, we need to keep all these texts, geographical issues, and reference points in mind as we now return to **Dan. 11:40**, and as we consider what it’s telling us.

3. That brings us back to the main points of **vs. 40**, and one of those main points now becomes more obvious: there is a “king” or a leader to the south of the antichrist that will oppose him.

- The antichrist, here called the “king to the north” (again, this reinforces that ancient Assyrian region), and he will respond to the king of the south with ferocity.
- This southern king will engage the antichrist “*in battle*,” so this is clearly a war or a military conflict.
- This will be at some point during the rise of the antichrist, probably before the midpoint of The Tribulation. That’s because at the midpoint he is regarded as an all-powerful and unchallenged global leader.

**(Cf. Rev. 13:4)** - “*People worshiped the dragon because he had given authority to the beast, and they also worshiped the beast and asked, “Who is like the beast? Who can wage war against it?”*”

- See also, “*At that time*” in **Daniel 12:1 (READ AND REVIEW)**. That is to say, at that time of transition into the second half of the Tribulation, also called “*the time of the end*” in **vs. 40**, Israel will experience her greatest distress, and this is why the archangel, Michael, rises in advocacy for the Jewish people.

- So, **vs. 40** hints at a time just before the “abomination of desolation,” **before** that second half of the 7 years AKA “The Great Tribulation.”
- Remember, this is referred to as the “*time of Jacobs Trouble*” (**Cf. Jer. 30:7**). And, in **Dan. 10:14**, the angel who is speaking to Daniel states, this is all about “*your people*.” The angel repeats that in **Daniel 12:1**.

**NOTE:** So, here is another reminder that we need to evaluate Biblical prophecy – ‘primarily’- from the perspective of Israel and the Jewish people. We need to know what will take place with them during this future timeframe if we are to grasp the full and clear picture.

- Now, back to **Dan. Ch. 11**. It’s not clear if **vs. 40** is describing a conflict that the antichrist starts, or one that this southern king starts.
- My guess from the way the text reads in various translations, this southern king initiates the conflict.
- In any case, it’s a major conflict. Consider the terms used:
  - It’s a “*battle*” - - so this is not a diplomatic spat; it’s a military conflict, and it’s sufficient in nature to be noted in Scripture.
  - There is mention of “*chariots and calvary....and a great fleet of ships*”

**NOTE:** To me, it’s interesting that the military resources of the northern king are specified whereas the military resources of the southern kingdom are not identified the same way (Implications of Africa and the Islamic nations there?).

- Look further down in **vs. 42-43** where today’s radical northeastern nations of Africa are called out as being defeated. This may be giving some additional commentary on this conflict in **vs. 40**.
  - Further, the phrase “*great fleet of ships*” suggests that the antichrist – the northern king - has a great navy by this point.
  - I think, by this time, the antichrist’s territory has expanded. Syria is not noted today for having “a great navy.” But, other regional nations do.
4. If I had to tender a guess with what’s going on in **vs. 40**, I’d guess that this continues to build on the passage of **vss. 36-39**. We are seeing further commentary on the antichrist’s rise - - on his career in development.
- That’s what this is all about - - we’re seeing a sequential evolution of events in the antichrist’s ascent in power on the world stage.
  - First, he rises to prestige, and world prominence in **vss. 36-39**.
  - During this phase, he acts in support of a false one world religious system that deludes the earth-dwellers. He needs this arrangement for a time.

- He himself honors the fallen angels and he supports THE LIE and the GREAT DELUSION to distract from the truth of God's Word, and all of this is very public and out in the open.
- During this time, he is also building his own power and control. He figures out who his real allies are, he redistributes wealth to them, and he tears down any laws and institutions which threaten his globalist ambitions.
- We know that everything during this future time is moving towards his self-worship, and so he is building a political and economic system that will cement him at the top of a turbo-charged socialist empire.
- He arranges boot-licking acolytes around himself that will serve and support him unquestionably.
- But *"at the time of the end"* – that suggests the final three and a half years – the same timeframe which causes Michael, the archangel, the protector of the Jewish people to rise up – the antichrist faces some military opposition. Why?
- Well, remember, this is right about the timeframe where he will declare himself to be 'god,' where the mark of the Beast will be implemented, where the false one world religion will be done away with, and where the antichrist will require the world to worship him!
- Terms and conditions will change abruptly all around the globe, and even though the world will be greatly deceived by this point, some will oppose these dramatic new changes.
- Recall, Jesus discussed how Satan's kingdom is divided against itself in **Mark 3:23-26 (READ)**.
- Just because the antichrist is rising in power and influence does not mean that the pervasive depravity of his empire is united. It does not mean it is unchallenged by other dark forces within its own ranks.
- The dark side continuously suffers the consequences and disarray of extreme jealousy, pride, and PERPETUAL sinfulness.
- And so, we see kingdoms and their leaders rising up against the antichrist, and **vs. 40** and other texts give us a glimpse into all of that and when it takes place.
- The antichrist will be power-hungry, paranoid, tyrannical, and proud. And that's why **vs. 40** ends with an over-arching comment that *"he will invade many countries and sweep through them like a flood."*
- As his power and his pride grow, the world suffers. Whatever political and diplomatic means he once used to rise to power, whatever tactics he employed to be seen as the world's Messiah or 'answer man,' all that gives way to his use of force, conflict, and war.

**NOTE:** That brings us to **verses 41-43 (READ)**.

Now, here we have further discussion about the antichrist's military conquests and motives. The information gets more specific than what we saw in the previous verse.

But here's the high-altitude summary: the antichrist is very successful in defeating his foes, in subduing all opponents, and in conquering a variety of territories throughout the middle east and northern Africa (this is evident if you quickly scan these verses).

But one statement stands apart from all the others (read it again.... *"Many countries will fall, but Edom, Moab,, and the leaders of Ammon will be delivered from his hand..."*).

Uniquely, this specific region, named as Edom, Moab, and Ammon – escape the antichrist's normal pattern of conquest. These are ancient territories within the modern nation of Jordan. The big question is **why?** What's so special about this place?

**NOTE:** This question - - and this info in **vs. 41** – open a series of related issues. I need to unpack several topics at once that – at first glance, may seem unrelated. But, they all overlap and impact each other, and we need to explore them so that we can best understand what is happening in **vs. 41**.

What **vs. 41** is telling us is there is a specific region of the Middle East that will not be conquered by the antichrist. It will stand alone; it will resist his 'routine' pattern of conquests. To understand how this comes to be, we need to look at certain issues in our own time - at some developments in the Middle East right now.

That means we need to redirect our attention to the pending **Psalms 83** war. This is the first issue we need to understand if we are to properly understand what is happening in **Dan. 11:41**. So, please locate **Psalms 83** and have it in front of you as I'll be referring to it often.

#### **BACKGROUND ABOUT THE TEXT:**

- This was written some 3,000 years ago by King David's worship leader, **Asaph, during a time of great prosperity, liberty, and peace.**
- This psalm, despite its warlike language was not written during any time of conflict. That's very important to understand. Contrary to the assumptions of some people, this prophetic psalm was not written during a time of Israel's vulnerability.
- In fact, King David had had decisive victories over Israel's enemies, and Israel could expand freely since the superpowers of Egypt and Assyria were both declining.
- David's kingdom was large during this time. It was not as large as his son Solomon's would become, but it extended from the Red Sea to the Euphrates.
- Again – the point here is **Psalms 83** was written during a time of peace and prosperity.
- And it was written by Asaph – Who was he?
  - I mentioned a moment ago that Asaph was King David's worship leader. He was an official member of King David's court.

- But Asaph was also a “seer” or a prophet, and this distinction is specified in **2 Chron. 29:30**.
- As a prophet, Asaph saw beyond this period of peace during which **Psalms 83** was written. He saw a future time when Israel’s multiple proximal foes would seek the utter destruction of the Jewish nation.
- That time seems to be nearing, perhaps even starting to take place now, but it’s here ***that I want to make an important statement:***

**NOTE:** I believe we live in a time when we are seeing the conditions rapidly forming which will ultimately see the fulfillment of **Psalms 83**.

- Therefore, I think we are all wise to gain a proper understanding of **Psalms 83** and what it reveals about events to come.

#### **A. Let me start with the high-altitude view of Psalms 83 and what it is saying**

- 1. Who is this about?** – It’s about a group or a confederacy of 10 nations or people groups that are seeking Israel’s complete and utter destruction (**Read vs. 4**)
- 2. What does this confederacy want?** - The goal of this group is they want Israel fully wiped off the map.
  - They don’t want any memory of Israel to remain.
  - They are seeking the complete annihilation of the Jewish state.
  - They want the ‘pasturelands of God’ for themselves.
- 3. How does this confederacy’s objective relate to Scripture?** – Let’s be very clear here; one of the often-repeated stories in God’s Word is the one where Israel’s enemies want the destruction of the Jewish state and of the Jews as a people group.
  - I mentioned in this series not long ago that a bias against Israel and a hatred of the Jews are passions that originate with Satan.
  - We can see this frankly expressed in the historical pogroms against the Jews – or in the details of the holocaust during WW2.
  - We can also see this antisemitism expressed in the heresy of Replacement Theology that infects the greater church today (explain this heresy).
    - Remember, the widespread momentum of Replacement Theology began with the reformers like Martin Luther and John Calvin.
    - The seeds of this heresy started even earlier with St. Augustine in the 4<sup>th</sup> Century.
    - As we’ve learned, Hitler credited Martin Luther’s virulent anti-Jewish writings as being a key inspiration for Hitler’s own campaigns against the Jews.
    - In the Reformed Movement today (includes multiple denominations) we have well-known preachers and teachers

like John Piper and the late RC Sproul who thinly disguise their sentiments AGAINST Israel and the Jews.

- Politically-speaking, we are seeing a dramatic rise in anti-Jewish sentiments that are being expressed within our nation's own leaders.
  - It's infected virtually the entire Democrat party (and its offshoots like the Democratic Socialists of America).
  - Recall the 2012 DNC where a motion was made to omit God and Jerusalem as Israel's capital from the Democratic platform.
  - There was a massive roar in the auditorium against Israel and against God from the thousands of attendees. Awkward live TV moment.
  - Recall also, Barak Obama's administration that referred to Benjamin Netanyahu as "chickens---" (rhymes with spit)
  - It's no secret that most Democrat leaders today openly despise Israel, and their younger leaders feel this even more.
  - These attitudes are now moving over into the right too (Candace Owens, Tucker Carlson, many Christians, etc.)
- Anyway - - the operative point I am making is hatred of the Jews (and all the variations of that) are passions that originate with Satan.
- (And) this confederation of 10 people groups that seek Israel's complete destruction in ***Psalms 83*** are no different.
- They are evil in their goals. Their agenda is ultimately anti-God (***Read vs. 5 "against you" – God***)

## B. Let's move from the high-altitude stuff to the more granular information

### 1. Who comprises this 10-nation confederacy?

- This list of foes against Israel in this particular prophecy is given to us in **vss. 5-8**, and these foes are nations and people groups which IMMEDIATELY SURROUND the Jewish state today.
- Many of them, in fact, share a border with Israel or are otherwise proximal to her.
- And they have all been longstanding historic enemies of Israel
  - (Let's read **vss. 5-8**)

*"With one mind they plot together; they form an alliance against you—the tents of Edom and the Ishmaelites, of Moab and the Hagrites, Byblos (Geba), Ammon and Amalek, Philistia, with the people of Tyre. Even Assyria has joined them to reinforce Lot's descendants."*

- There is a bit of debate as to whether this list mentions 9 people groups, or possibly even 11. But I think the argument for ten distinct groups is the soundest.
- Now – we don’t use these ancient names anymore, so WHO ARE THEY NOW?
- To get the answer, we need to look at the historical territories, lineages, and migration patterns of these groups mentioned in **vss. 5-8**.
- They can all be traced, and this gives us their identification – their modern-day equivalents. Here they are:
  - **Tents of Edom:** Palestinians and Southern Jordanians (focus on ‘refugees’ or having no territory of their own -- ‘tents’). Note -- they are listed first; that is always significant in a Biblical way.
  - **Ishmaelites:** Part of Saudi Arabia (Ishmael is the father of the Arabs)
  - **Moab:** Palestinians and Central Jordanians
  - **Hagrites:** Egyptians (Hagar is the matriarch of Egypt)
  - **Gebal (Byblos):** Hezbollah and Northern Lebanese
  - **Ammon:** Palestinians and Northern Jordanians
  - **Amalek:** An Arabian region of the Sinai area
  - **Philistia:** Hamas of the Gaza Strip
  - **Tyre:** Hezbollah and Southern Lebanese
  - **Assyria:** Syrians and Northern Iraqis

**NOTE:** We don’t have time to go through the rationale for including each and every one of these, but I would encourage you to explore Bill Salus’ excellent research. He gets into a thorough discussion concerning these matters ([prophecydepotministries.net](http://prophecydepotministries.net)).

I want to address a question that usually arises when this list is studied: “Doesn’t Israel have peace treaties with some of these folks now?” (for example, Egypt and Jordan, or now even, the Saudis). I have four comments for you to think about:

1. In the Middle East, “The enemy of my enemy is my friend.” Relationships there change very quickly as various developments take place.
  - And nothing needs to be perceived ‘correctly’ to start a major conflict.
2. The peace treaties are fragile – at best. It would not take much for any of these people groups to find a reason to violate political terms and a situation of relative peace to fan their flames of ancient hatred.
  - As a case in point, note all the Arabs in Israel that are frequently rioting, burning, looting, killing, etc. They are Israeli citizens, and beneficiaries of being a citizen and living in Israel – yet they quickly turn against the Jewish state whenever they sense an opportunity to express their greater hatred.

3. They are all Islamic foes of Israel. Make no mistake – Islam is NOT a religion of peace, not matter how much they and certain political figures try to paint it that way.
  - It is a destructive and violent religion. It's not even a religion as much as it is an ideology that has fostered many centuries of hatred against the Jews.
4. These coalition folks want Israel's land for themselves. They are all on record stating this.
  - They didn't want it that much till Israel got it, and they didn't do anything with the land except let it go to ruin (Mark Twain)
  - But now Israel has developed their land wonderfully. Israel is strong and the land that was once desert and waste is now lush, green, and productive.
    - That conforms to *'the pasturelands of God'* (**vs. 12 – READ**)
  - It would only take one singular event – maybe even an unexpected one – to cause all these people groups to unify against Israel (I'll share my own thoughts on that one later....)

**C. Let's get back to the intentions of this text in Psalms 83 - - what is Asaph's goal?**

**1. He is pleading to God for victory, and for the perishing and disgrace of Israel's foes (see vss. 9-18)**

- And I believe the Bible makes the case that Israel is not only victorious in a major way, but there are resulting benefits to Israel from this conflict
  - Israel will emerge far safer and more secure than she was before this conflict (other passages support this conclusion).
  - Her enemies that have hassled her and fought her for centuries – and which have attacked her multiple times since her Independence in 1948 – will be totally eliminated in this prophetic **Psalms 83** conflict.
  - Eliminated? How do we know this?
    - ✓ **Cf. vss. 9-11.** These historical examples which are provided here (i.e. the Midianites, Sisera, and so on) involved the utter destruction / ending of oppression of Israel's enemies in each example.
    - ✓ Then there is the graphic pictures of fire consuming a forest, or as chaff disappearing in the wind (**Cf. vss. 13 and 14**)
    - ✓ These things together paint a picture of complete annihilation
- I believe these events will result in Israel gaining the conditions of **Ezek. 38:11-12** (NOTE: This is Gog's rationale at this future point in time....)

*"I will go up against the land of unwalled villages. I will fall upon the quiet people who dwell securely, all of them dwelling without walls, and having no bars or gates, to seize spoil and carry off plunder..."*

- Israel will gain several things from this ***Psalms 83*** conflict (three “S’s”)
  - ✓ **Security** (this is affirmed in the ***Ezekiel*** passage)
  - ✓ **Spoils** (this is affirmed also in the ***Ezekiel*** passage as well as ***Ezek. 38:13***). Israel has always improved her land, resources, etc.
  - ✓ Moreover, Israel is rapidly becoming the Middle East’s powerhouse for energy reserves. Israel is working now to rescue Europe from its foolish dependence on Russian oil.
  - ✓ **Space** (land – ***Cf. Dan. 8:9, Matt. 24:16, etc.***). I believe Israel will take ownership of the land which they acquire in these conflicts - - as they should! Just like the Golan Heights.

**NOTE:** That is already happening with the conflicts that are underway over there. Over the last two years, Israel has acquired additional territory in Gaza, Lebanon, and Syria. Israel is expanding now into “The West Bank” (Biblical Judea and Samaria). But we’ve only seen the start of Israel acquiring more territory (***Cf. Obad. 1:19-20; Jer. 49:2; Zeph. 2:8-9; Et al***).

**IMPORTANT:** That means Israel will ultimately gain the territories which are mentioned in ***Daniel 11:41*** as being “*Edom, Moab, and Ammon*” (these are regions within modern-day Jordan). And **now you need to realize** these areas will ALREADY be Israeli territory when the antichrist seeks – and FAILS – to conquer them in ***Dan. 11:41***. Israel will have gained these areas in prior conflicts.

**NOTE:** The conflicts which **have already started** in Israel will ultimately set up the conditions for the War of Gog and Magog which will follow this ***Psalms 83*** conflict.

- ✓ That’s IMPORTANT to understand. Many folks are currently obsessing about the ***Ezekiel 38 and 39*** conflict - - but ***Psalms 83*** needs to happen before that.
- Remember, it was not that long ago that the Israeli Defense Forces (IDF) were publicly saying Israel’s next major conflict will be a regional one where she will face an unprecedented attack from all sides.
  - They specified then – in their own statements - all of the Jewish state’s foes which essentially share a border with her. That list conforms to the same list as mentioned in ***Psalms 83***.
  - For that matter, these same adversaries of Israel are predicting the very same scenario. It’s the current news agreeing with the Bible.

**D. And now we get to the great debate – some people feel *Psalms 83* has already happened (1948, or 1967). I am not one of those, but let’s investigate why this is a shaky notion....**

- 1. The ancient foes of Israel which were listed in vss. 9-11 disappeared after their conflict with Israel.**

- That's why Asaph is pleading with God to make these future nations "like" those others from old....and to cause them to "perish in disgrace" as nations before did.
  - If 1948's War of Independence was fulfillment of this prophecy in ***Psalms 83***, then not only did none of Israel's foes from that time disappear - - they also got much stronger.
  - None of them "perished." They are all still here.
- Further, some of the foes listed in ***Psalms 83*** did not exist till AFTER the War of Independence in 1948 (the first-listed "tents of Edom," for example)
  - This is easy to see. The world's great outcry against Israel has been that the Palestinian dilemma occurred after the Jews got Israel back.
  - The Palestinians are largely from Jordan, originally. Notice the large groups of so-called Palestinians that always riot against Israel FROM INSIDE Jordan.
- As for the claim that ***Psalms 83*** was fulfilled in the 1967 "Six Day" war, only a portion of the ten members listed were involved in that war.
  - The Six Day War does not conform to this end-time prophecy.

**Conclusion:** The coalition which is defined in ***Psalms 83***, is – today - united under the common hatreds and motives which define Islam.

- They all share a border with Israel or they are proximal to the Jewish state.
- They are all influenced by Iran, or are actual proxies of Iran.
- In other words, today's times fit this prophecy's requirements like no other point in history.

There are also six conditions which exist now for this ***Psalms 83*** event which have only existed since 1948 (NOTE: From Bill Salus):

1. Israelis being in the land (***Psalms 83:3***)
2. The Nation of Israel being an official nation (***Psalms 83:4,12***)
3. An Israeli Defense Forces; the IDF (***Psalms 83:9-11***)
4. Palestinian Refugees; i.e. the tents of Edom (***Psalms 83:6***)
5. An Arab League that is mutually cooperative (***Psalms 83:6-8***)
6. A unified and passionate Arab Hatred of Israelis (***Psalms 83:3***)

Presently all six of these prerequisites are in place, making the fuller ***Psalms 83*** an imminent event. I personally think we've seen the start of ***Psalms 83*** now, but there is more of this conflict yet to unfold. There is much more land that Israel will acquire, and there are more specific prophecies to be fulfilled that revolve around the details of ***Psalms 83***.

**NEXT WEEK:** We'll continue to explore some other issues that concern ***Dan. 11:41***, and why there is this specific region will escape the antichrist's pattern of conquests.

Solid Bread Community was started with a passion to teach the truth of God's Word – every part of it, as it was divinely inspired to be understood.

The rules are simple. First, teach what IS there. Don't pretend the Bible is not saying what it is saying.

Second, don't teach what is NOT there. Don't force a passage to mean something it really doesn't.

And – number three, if the Bible states it plainly, we should too.
